Educating for a Sustainable Future

The Sustainable Schools Network Limited are committed to a whole school approach to sustainability education. School communities have great potential in the 21st century to lead behaviour change and provide a vision of a sustainable future. The 2020 Sustainability Symposium Continuing Professional Development Dinner will focus on understanding education for sustainability and building relationships between people and planet.

EDUCATION FOR SUSTAINABILITY PANEL **JAIMIE CLOUD, CAM MACKENZIE, ALISON SAMMEL AND** **DAMON GAMEAU**

Sam Morris, local legend, will be the MC for the evening and you will also hear from Byron Bay High School teacher, Jason von Tol. The main event for the evening will be the panel of leaders who will inspire and inform you.

Mudjira Village Eatery will cater for a delicious and sustainably-sourced meal. This includes canapes, main course and share plate desserts. Drinks are also included in what will be an unique opportunity to engage with like-minded educators and build partnerships for sustainability education.
