

2020 SUSTAINABILITY SYMPOSIUM

OPERATIONAL LEADER PROGRAM

26-28 APRIL 2020

FREE

Educating and connecting school leaders

The Sustainable Schools Network Limited are committed to a whole school approach to sustainability education. The SSN recognise the potential for change schools offer local and global communities in the 21st century is valuable. The 2020 Sustainability Symposium will focus on a fair and just society (SDG 16) as well as sustainable cities (SDG 11), to ensure we develop a common understanding that sustainability involves relationships between people and planet. The operational leader program involves content released over two days and an online Q&A on 28 April.
